## MOB ROUTED BY MAN AND DAUGHTER

### Warned to Leave Neighborhood They Remained and Fought.

### MEMBER OF THE MOB KILLED

**Battle Occurred in Cheatham County, Tennessee—Some Mystery About the Affair—Several Arrests Made by the Sheriff.**

Nashville, Tenn., May 8.—Melvin Winters was shot and instantly killed and Thomas Stewart and his young daughter severely wounded during an affray at Stewart's home, near Pleasant View, Cheatham county. The cause of the shooting is a mystery.

A few days ago Stewart received a letter warning him that if he and his family did not leave the neighborhood within ten days they would all be killed.

About 11 o'clock Saturday night a mob surrounded Stewart's house and opened fire on it, and Stewart and his daughter were wounded. Stewart returned the shots and the mob scattered. Sunday morning the body of Marvin Winters was found about 50 yards from Stewart's home, a load of shot having taken effect and evidently produced instant death.

The charge of shot which killed Winters was of number ten size, and a number of gun wads for a weapon of that caliber were found in the wound. The gun used by Stewart was of No. 12 gauge.

Sheriff Harper and deputies went to the scene of the shooting and return with Jim Hunt, Eph Boyle and Newton Winters in custody. A charge of complicity in the murder of Melvin Winters was placed against them.

No explanation whatever can be secured to account for the action of the mob, nor has any light been so far shed on now Melvin Winters came to his death.

**Verdict Too Small.**

Tampa, Fla., May 8.—When the jury in the United States court rendered a verdict in favor of the government for $396 against W. D. Wolles, a prominent sawmill man, Judge Locke set the verdict aside as insufficient and ordered a new trial to be held at the next term of court. Wolles was charged with cutting timber from one thousand acres of government land and was first criminally prosecuted, the jury acquitting him. The government then instituted civil suit with the above result.

**Fought Duel About Whiskey.**

Raleigh, N. C., May 8.—In Orange county two men, Andrew Pool and John Moss lost their lives as the result of a quarrel about the ownership of some moonshine whiskey followed by a duel with shotguns. The affair occurred at the illicit distillery which is near the house of Moss and the the wife and children of Pool heard the shots fired. Pool was killed instantly and Moss lived several hours. Both men were white. The men had been in the business for some time.

**Negro Fought White Posse.**

Montezuma, Ga., May 8.—Hosey Lewis, a negro, was shot and probably mortally wounded here by a posse of 25 men who were attempting to arrest him for assaulting J. M. Rape with a brick. The negro opened fire on the officers and citizens, but hit no one. Everything is quiet now, and Mr. Rape is not seriously hurt.

**Judge Amzai Rudolph Dead.**

Gainesville, Ga., May 8— Judge Amzai Rudolph, for twelve years ordinary of Hall county, a gallant confederate captain during the civil war, and a prominent citizen is dead at his home here, aged 80 years. He was a first cousin of the late President Garfield.

**Form Big Lumber Company.**

Ashburn, Ga., May 8.—A party of men of Greenville, Fla., have applied for a charter for the Greenville Lumber company. Main offices are to be here, the sawmill to be located at Greenville, Fla.

### DEATH RESULT OF REVIVAL.

**Carrollton Merchant and Ex-Chief of Police Passes Away.**

Carrollton, Ga., May 8.—W. L. Young, or Bill Young, as he is popularly called, who for a long time was chief of police of Carrollton, but recently a merchant on Maple street, died Sunday morning. Mr. Young's death was a very peculaiar one. About three weeks ago, during a revival at the First Baptist church here, he became converted and professed religion. On the next night at the same place, while the services were in progress, he rushed to the altar, making various demonstrations, in the greatest degree of excitement, shaking hands with everybody, telling them to "let's quit work and to to heaven."

He became so excited that it became necessary to carry him from the church, which required the services of five strong men. This broke up the meeting for the night. He was carried to his home, but never recovered from his excitement, but gradually became worse, finally becoming a raving maniac, and then dropping into a comatose and unconscious state until his death. Before this demonstration at the revival he was enjoying his usual health. Mr. Young has many friends in Carrollton who deplore his death. The deceased was about 35 years old, and leaves a family.

**Woman Denounced Preacher.**

Chicago, May 8.—A large audience at St. James Methodist church, Forty-sixth street and Ellis avenue, was thrown into a turmoil Sunday night when the pastor, the Rev. William A. Qualyl was denounced at the close of his sermon by a woman who rose from a pew in the center of the house and declared the pastor to be "an ignorant man, preaching of things of which he knew nothing." After she had shouted her protest, in spite of the efforts of the organist, who tried to drown her voice by playing a hymn, the woman turned and walked out of the church, muttering a curse upon the sermon and its author.

**Revolutionist In Disguise.**

Moscow, May 8.—It turns out that the man who attempted to assassinate Governor General Doubasoff was a revolutionist disguised as a naval officer which enabled him to approach the palace without creating suspicion. He carried the bomb in a candy box and had a false passport, in which his name was given as Metz, which proved his connection with the three revolutionists who were killed by the explosion of a bomb in their room on Saturday last, that being the name under which the apartment occupied by the revolutionists was rented.

**Broker Commits Suicide.**

New York, May 8.—Edward W. Clark, 64 years of age, a broker and a member of the cotton exchange, shot himself in the head Sunday at his apartment at the hotel Marseilles dying instantly. Mr. Clark had suffered several attacks of acute indigestion of Friday and Saturday. Yesterday morning a still more violent attack reached the limit of his endurance. He called his wife and told her he could not possibly endure the pain any longer. While Mrs. Clark was telephoning for a physician her husband killed himself.

**Cigar Makers Strike.**

Boston, May 8.—A strike of union cigar makers of this city was started Monday. It is estimated that about 1,200 men are out in an effort to force an increase in wages. About seven of the largest cigar factories were affected. Most of the small places have agreed to the new union schedule, which called for an increase of from fifty cents to $2.00 a thousand in various grades of cigars.

**Report Was Incorrect.**

St. Petersburg, May 8.—The report of the assassination of the governor of Elizabethpol in revenge for his savage repressive measures in the Caucasus, which reached here Sunday night, was incorrect. It was the governor general of Ekaterinoslav, South Russia, who was assassinated Sunday evening by six unknown persons, who fired volleys from revolvers at him and then escaped.

## WILL SCORN ATTORNEY WHEN HE IS IN HADES

### Rawlings Writes Bitter Letter to Prosecutor.

### LOSES HOPE OF BEING SAVED

**"After Being Ten Thousand Years in Hades I Expect to Rise Up and Point the Finger of Scorn at You and Call the Devil to Witness."**

Valdosta, Ga., May 8.—One of the officers of the law, who had much to do with the prosecution, Sunday received a long letter frfom J. G. Rawlings. He started out by saying that he expected to go to hell and that he also expected to meet all of those who had helped convict his boys.

"In hell I expect to tell you why I got out of the carriage at the bridge and walked home," he wrote, "and when you and I have spent ten thousand years in hell, I expect to point the finger of scorn at you and holler, 'Hurrah for the majesty of the law and the punishment of the wicked.'"

He then went on to tell of the sorrow that had been brought upon his wife and daughters and of how "you, like me, have waited too late to repent." He said that he was not writing to change anything that had been done, but to put the people on notice that malice against him and his boys was going to send many to hell.

Sunday morning religious services were held in the county jail for the benefit of J. G. Rawlings and his sons, the services being conducted by Rev. M. A. Morgan, of the Methodist curch. Several ladies and gentlemen attended the meetings and the condemned men listened with apparent interest to the reading of the scriptures, the prayers, etc.

It was the first regular service that had been conducted there, though the men have been visited by many ministers and spiritual advisers. Rawlings admits that he bears too much malice in his heart to think of being saved. But he says, that those who helped to convict his boys are as sure of hell as he is.

**To Put Trestle Across Sound.**

Raleigh, N. C., May 8.—The Norfolk and Southern railway, which has purchased several hundred miles of other lines in northwestern North Carolina, has made arrangements to build a trestle six and a half miles in length across Albemarle sound, near Edenton. For many years a boat has been used to transfer the train from Edenton to Mackey's trestle, a distance of nine miles, and the trestle is designed to save the time and expense of the present transfer.

**Paintings Placed on Exhibition.**

New York, May 8.—The paintings contributed by local artists for the relief of their comrades in San Francisco were placed on exhibition Sunday in the American Art galleries. There are three hundred pictures in the collection, which will be placed on sales. The proceeds of the sale will go direct to Arthur F. Matthews, who personally will supervise the distribution of the fund among the destitute artists and art students of San Francisco.

**Pastor Stricken With Pneumonia.**

New York, May 8.—A special to the Herald from Trenton, N. J., says: "Coming here to supply the pulpit of the Grace Baptist church, Rev. John M. Goode, of Accomac, Virginia, was stricken suddenly ill with pneumonia and now lies in a critical condition in Mercy hospital. His wife and son were summoned from their southern home and are now at his bedside.

**Mother and Daughter Killed.**

New York, May 8.—Mrs. Mary A. Waters and her daughter Agatha were shot and killed supposedly by the mother during a fit of temporary insanity at their residence, 144 West 120th street early Monday. Mrs. Waters was 56 years old and the wife of John Waters an insurance man. The daughter was 21 years of age.

### NO ONE BLAMED FOR TAGEDY.

**Court of Inquiry Says No One Should Be Held Responsible.**

Washington, May 8.—No further steps will be taken to fix responsibility for the fire on the battleship Kearsarge on April 13, which resulted in ten deaths. In an opinion handed down by Judge Advocate General Diehl, of the navy, he says the finding of the court of inquiry that nobody should be held responsible for the accident, seems justified by the evidence submitted and this decision was approved by Acting Secretary Newberry.

The opinion concludes:

"It seems for the department to take such action as may be deemed advisable regarding the features of equipment and construction mentioned in the opinion, and a reference to the various bureaus recommended."

Judge Advocate General Diehl reviews briefly the verdict of the court, that the accident was caused by a short circuit in the electric cut-out, and that the fault lies in the fact that the switches and rheostats were improperly installed as to locality and not properly covered. It was also held by the court that while the gunner's mate was the direct cause of the accident, he should not be held responsible.

**Joseph Leiter Robbed.**

Chicago, May 8.—Burglars early Monday entered the office of Joseph Leiter, who became famous several years ago when he attempted to corner the wheat market, blew open two vaults and escaped with bonds said to be valued at $100,000 to $150,000. The building in which the office is located is within half a block of police headquarters. The men had entered the office by breaking the door with a sledge hammer, which, it is thought by the police, had been covered with rubber or cloth in order to muffle the sound. Employes of the firm upon arrival at the office, discovered papers and documents scattered over the floor. Among these papers was a bond valued at $2,000, which evidently had been overlooked by the burglars.

**Will Open Institute.**

New York, May 8.—With appropriate exercises, the Rockefeller institute for medical research will be opened Friday afternoon. It is expected that Mr. Rockefeller, who has given $3,000,000 to the building and equipment of the institution, will be present. Addresses will be made by President Eliot, of Harvard; Nicholas M. Butler, president of Columbia University and others. It is the first institute of the kind in the United States and was founded by Mr. Rockefeller after the death of his great grand daughter in Chicago five years ago. It was his purpose to establish an institution through which scientific men might have an opportunity to study disease, particularly of infants.

**Under Mob Rule.**

Washington, May 8.—Guadaloupe, French West Indian islands, is under mob rule, according to a dispatch received at the state department from G. Jarvis Bowens, the American consul at that point. His dispatch says that the mob is in control and the authorities are unable to restrain it. The election troubles are the cause of the disturbance. For several weeks there has been rioting which is supposed to have come to a head, which was election day. While there are few Americans at the place, large quantities of American goods are being stored there.

**Men Fought Pistol Duel.**

Cleveland, O., May 8.—Following a quarrel between Samuel Wallace and Matthew Aurell, at Randall, Ohio, a few miles east of here, on the Erie road, early Monday, the men fought a pistol duel with the result that Wallace is dead, while Aurell is missing. A posse is hunting for Aurell.

**Watchman Burns to Death.**

It was announced that Tuesday evening had been designated as the time for hearing of Rev. W. J. Starling, fraternal delegate from Canada.

The boundary committee made a report granting the North Georgia conference four years longer in which to decide whether or not there should be a division of the conference. It also granted the North Georgia conference privilege to divide as it sees fit. Owing to a controversy that arose over other features of the report, the entire report was recommitted to the boundaries committee.

# MONTHLY MEETING OF CITY DADS

## Session Was a Short One, But Full of Important Business.

### THE NAMING OF COMMITTEES

President Broome Announced the Selections, Which Were Read in Open Council and Recorded Upon Minutes—Other Business of Board.

The regular monthly meeting of the municipal legislature was held at the city hall Monday evening.

The roll call showed the following present: Alderman Broome, president; Aldermen Benson, Hodges, Taylor, Wittstock, and Clerk Dell.

The minutes of last meeting were read and upon motion approved, after which the reading and payment of all bills properly audited was taken up.

As there appeared a deficiency in the special printing and sanitary funds, upon motion $43 50 was transferred to the special printing, and $29 70 to the sanitary fund from the delinquent tax fund.

Alderman Benson moved that J. E. Moyers, formerly driver of one of the hose wagons of the fire department, but who was relieved, be reinstated. Alderman Hodges offered as a substitute for this motion that the reinstatement of Driver Moyers be left with the chief of the fire department and the fire committee, with instructions to report at the next meeting. The substitute was adopted.

W. L. Hill asked that the council give him a quit claim deed of the west half of Block 18, Brown's Addition to Gainesville, which the city had bought in at tax sale and secured a tax deed. The property, it appears, is property in which the petitioner is interested in recovering. This request was referred to the committee on claims.

Alderman Taylor, with a kindly feeling towards the churches, introduced the following resolution, which was unanimously passed:

"Resolving, That from and after the passage of this resolution, that the city will bear one-fourth the cost of granolithic sidewalks, when same are constructed along property used exclusively for church purposes, and that the city will bear one-half of the cost of curbs, when so constructed along similar property.

"In no case will the city share in such expense, when the cost exceeds the prevailing contract prices."

A resolution of Alderman Hodges establishing the lines of Block 7, Range 6, was adopted.

The manner in which the parts were taken reflected a very great credit upon the primary teacher, Miss Claudia Ambrose, and the intermediate teacher, Mrs. Nora Slack.

At the conclusion of the primary program the Grammar Grades rendered a pretty little comedy entitled "Country Cousins." Great credit is due Miss Georgia Martin for this amusing and instructive feature of the evening. The cast of characters was well selected. # THIRD DAY'S WORK OF HOME MISSIONS

## Interesting Meeting at Kavanaugh Methodist Church.

### MANY PAPERS WERE READ

**The Devotional Exercises, Which Opened Each Session, Were Interesting—Papers and Discussions Instructive—Reports Encouraging.**

The third day of the annual session of the Woman's Home Mission Society of the Methodist Episcopal Church, South, convened in Kavanaugh Methodist Church at 9 o'clock Tuesday morning with devotional exercises, led by Mrs. Patterson, which proved very interesting. This was followed by the reading of the minutes of meetings of the previous day, after which various reports were read.

At this meeting Mrs. J. A. Giddens read an interesting paper entitled "The Problem of Immigration as It Affects the South," which was very well received.

At 11 o'clock there was a scripture lesson, led by Mrs. L. P. Smith. Mrs. Smith, who is from Texas, is a magnificent lady, and has made many friends during her visit here. She is vice-president of the General Board of Home Missions of the M. E. Church, South, and is well known throughout the South for her earnest and effective work.

An adjournment was taken for dinner, and at 8 o'clock the meeting opened with devotional exercises, followed by reading of reports. There was a discussion, "How to Interest the Individual in Missions," led by Mrs. O. D. Wetherel, and participated in by many of the delegates. This discussion proved an interesting one, and was well handled.

The evening session opened with devotional exercises, and during the evening two papers were read, "Our Literature," by Mrs. I. S. Patterson, and "The City as a Mission Field," by Mrs. C. Harrison.

A great deal of interest is being manifested in the meeting, and the delegates to this session express themselves as being not only delighted with the work, but the hospitality of the people.

## CENTRAL CITYS DEFEATED.

**Jacksonville Giants Walked Away With Them With Ease.**

Notwithstanding that the Central City Baseball team, colored, are what might be termed "warm" artists when it comes to twirling the ball, the team ran against too hard a proposition Tuesday afternoon, when they met the Jacksonville Giants on the Gainesville diamond.

There was a good crowd present, being a liberal sprinkling of white and colored fans, and it was confidently believed that the victory would be easy for the home boys, who believed themselves that they were about the hottest twirlers and batters in Florida. They have learned a thing or two now, however, as the visitors played with the Central Citys just enough to prevent too large a score.

The Central City team is a good one, but it is evident that it must be strengthened before many more games are played.

The score was eight to three.

A schedule of three games between the teams was arranged, but inasmuch as rain prevented the game Monday afternoon, it has been decided to play a double-header today—10 o'clock this morning and 3:30 this afternoon. The games will be pulled off at the baseball park, and it is hoped that a good crowd will be in attendance.

## THE UNFINISHED TASK.

In the days when saints, recognized as such, walked this earth, one of them, working at his daily task, was asked: "What would you wish to be doing when the death summons comes?" And the holy man answered, "Just what I am doing now."

His meaning lay in the thought that the best life is that which is filled with a faithful performance of the commonplace round of labors that make up daily duty, and that he has nothing to fear whom the end finds doing well his allotted work.

In a Florida town the other day a man sat at his desk engaged in the daily "grind" incidental to the life in a newspaper office. With the facility of the trained writer he chronicled in crisp paragraphs the record of the day's events for the newspaper which was his pride. Busy associates around him did not note when the pen ceased to move, but finally it struck them that he had sat a long time motionless, and going up to him they found that, without a struggle, he had died.

Body and brain were busy when rest forever came to both. The interrupted thought—the unfinished sentence—the broken thread of life!

A good end; a fit end. Such an end as any true man might wish—to die in harness, useful to the last. No weary years of enforced idleness, no saddened days of folded hands and wistful dreams of past activities, no pale gradations from light to darkness—the eve of tropic sun!

And the unfinished task—we will all leave it, let life be long or short, death sudden or long expected. But it would be good to be given grace to work at it till the last—the very last!—Lakeland News.

## RATE LEGISLATION.

The railroad rate bill is still the storm center in politics. The Democrats, generally, favor a measure that would give adequate relief to the people without doing injustice to the railroads. The consolidation of transportation facilities has reached such a point in this country that seven combinations control practically all the railroads and wield such vast power that the people are absolutely unable to prevent abuses. The Democrats want a law giving the Interstate Commerce Commission authority to fix reasonable rates, and forbidding any interference by the courts, or such a limited court review as will prevent the nullification of the work of the Commission by interlocutory court orders, and leave the rates fixed by the Commission in full force until the final hearing and decree in the case. But a number of Republican Senators insist on the broadest possible review by the courts, including the power to suspend the Commission's rates by an interlocutory order or temporary injunction before the final hearing. Judging from the debates in both Houses, Congress will hardly pass the bill without providing for some sort of court review; but the Democrats will insist on limiting that power.

The pineapple growers of the East Coast are in high glee over the fact that the prospects are good for a heavy crop this summer. Last year was a poor year for pineapples and growers made but little money, but it now looks as though the crop will be fully double that of last year. The excessive rains which did so much damage in this State to beans and potatoes were good for the pines, and they are growing very rapidly. Shipments of pineapples will be made by May 15, and June and July will be busy times with the growers and dealers. Conservative estimates place the yield at 250 to 300 crates per acre.—Titusville Advocate.

## JUSTICES SUPREME COURT.

It is very gratifying to the friends of Justices James B. Whitfield and Charles B Parkhill to learn from every section of the State that these young Floridians will get almost a solid vote for Justices of the Supreme Court of Florida. This is as it should be, for there never was two better examples of self-made men, and it is generally conceded that they should be given a full term, for this is Democratic, and in recognition of their faithfulness and efficiency during the short time they have been on the Supreme Court bench.

Every friend of these gentlemen is urged to see to it that all qualified persons vote, marking their ticket thus:

X Charles B. Parkhill.
X J. B. Whitfield.

"I had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that I had 'em'—yes—a wiggling, squirming mass left me. I have enjoyed the best of health ever since. I trust this testimonial will appeal to other sufferers."

## RESPITE GIVEN CONDEMNED MEN

### Negroes Convicted for a "Before Day Club" Murder.

Tallahassee, Fla., May 8.—Governor Broward has granted a respite of 60 days to George Caldwell and Nelson Larkins, two negroes, alleged members of a "before day club" convicted of the murder of N. W. Eppes, superintendent of public instruction in this county, last year and sentenced to be hanged next Tuesday.

Isham Edwards, convicted at the same time as Caldwell and Larkins for the same crime, has already been executed and on the gallows he vowed that he alone was guilty; that Caldwell and Larkins had taken no part in the killing of Eppes. Their case was then caried to the pardoning board, which declined to interfere with the decision of the courts. This respite is granted to enable attorneys for the two men to secure evidence to prove an alibi for them which they claim they can do.

Caldwell and Larkins are confined in the county jail at Jacksonville for safe keeping and this respite was granted after a visit and talk with the condemned men by a son of the murdered man, who evidently believes there is doubt as to their guilt. They both earnestly declare that they are innocent, though one of them admits that it was his gun, loaned to Edwards for the supposed purpose of going hunting, with which Eppes was killed.

### Taken at His Word.

When Rossetti was a student of art he one day happened to go with some fellow students to the east end of London. There at a wharfside inn he saw an immense canvas on the barroom wall. After laughing at it for some time and thus provoking the innkeeper's wrath the following conversation took place:

"Where did you get that picture?"

"Oh, never mind, young man, where I got it!"

"What price do you set on it?"

"More than you can afford."

"Indeed!" said Rossetti. "Now, how much?"

"Three thousand pounds," replied the innkeeper.

At this there was a loud burst of laughter from the young artists.

"Do you know how much I would give you for your £3,000 picture?"

"How much?" asked the innkeeper.

"Three pounds," said Rossetti.

"Done," said the innkeeper promptly. And to his amazement and amusement Mr. Rossetti found himself the owner of the colossal daub.

### Be a Lightning Calculator.

Multiplication is the most important of the fundamental rules of arithmetic. In large accounting departments mental arithmetic is often used to a very large extent, and the one who cannot perform this task without resorting to figuring the long way on paper has but a small chance of gaining a position worth having. Here is one little lesson in lightning multiplication. Supposing you want to multiply 53 by 84. First, multiply units by units, thus: 4 × 3 are 12, set down the 2 and carry 1. Multiply tens by units and units by tens, adding the 1 to carry to the first product, then add the two products together, thus: 4 × 5 are 20 and 1 to carry, 21, and 8 × 3 are 24, and 21 and 24 are 45, set down the 5 and carry 4. Now multiply the tens together and add the 4 you had to carry, thus: 8 × 5 are 40, and 4 makes 44. Set this amount down in the answer, and you will have the correct result—4,452.

### Up a Shot Tower.

"It was a strange experience," said the huntsman. "As I ascended the spiral stairs of the tower I saw shot falling, like rain, around me. The shot tower was 200 feet high. At its base there was a tank of water for the shot to drop into. If it fell on the earth, you know, it would be flat instead of round. On top of the tower was a huge boiler filled with molten lead. The manager ladled the lead into a percolator, a kind of strainer, and thence it fell into the cistern of cold water 200 feet below. It took it three seconds to fall. They made different sizes of shot on the tower by using different percolators—big holes for big shot, small holes for fine shot, and so on. The water in the cistern had to be changed every little while. It would have become so hot otherwise that it would have kept the shot soft."—New Orleans Times-Democrat.

### They Rarely Fell Trees.

Most of the Spaniards dislike to fell trees or cut live timber of any sort, and this fact perhaps accounts for the giant trees of California. The Spaniards two centuries ago pushed their way through Mexico to California, and, save the clearing of paths through the dense forests, not a twig did their axes chop down. Nor do the Spaniards transplanted to the new world ever destroy timber. They continue to build their houses of stone and mortar, at great expense of money and physical exertion, when timber in abundance surrounds them, out of which they could construct log houses, as did other pioneers, at a minimum of cost and labor. The Spaniard does not even fell trees for firewood, but picks up dead limbs as they fall to the ground or pulls them from the trees with his lariat.—London Express.

### Conger Eels.

Conger eels hunt for the octopus and, when found, proceed to browse on its limbs. The octopus tries to hug the slippery, slimy conger tight, but in vain, and, finding its limbs growing less, discharges its ink in the face of the foe and under cover of the turbid water beats a hasty retreat. It is to escape the too pressing attention of its foes that the octopus possesses the power of changing its color to correspond with that of its surroundings.

# POLITICAL ANNOUNCEMENTS

### For State's Attorney.

To the Democratic Voters of the Eighth Judicial Circuit of Florida:

Believing that my thirteen years' practice of law, together with my experience as a prosecuting attorney, fully fit me to discharge the duties of State Attorney, I, therefore, at the request of many friends, announce myself a candidate for nomination in the Democratic primary for State Attorney for the Eighth Judicial Circuit of Florida. If nominated, I pledge myself to courteously, economically and faithfully discharge the duties of the office and to help maintain the dignity and honor of the court. Respectfully,

JOS. M. RIVERS.

To the Democratic Voters of the Eighth Judicial Circuit of the State of Florida:

Having served you in the capacity of State Attorney since July, A. D. 1903, and trusting that you have approved of the manner in which I have represented the State and discharged my duties, I solicit your votes at the coming primary for the position of State Attorney for the Eighth Judicial Circuit.

Very respectfully,

Palatka, Fla. BENJ. P. CALHOUN.

I respectfully announce that I am a candidate for the office of State's Attorney for the Eighth Judicial Circuit of Florida, composed of the counties of Alachua, Baker, Bradford, Levy and Putnam. I conceive the faithful and energetic discharge of the duties of the office to be a sacred obligation to the State, and, if the voters of the circuit favor me with the nomination, I pledge them that the interests of the State and of society shall not suffer through favor or negligence of mine.

THOS. W. FIELDING.

Starke, Florida.

### For State Senator.

To the Democratic Voters of Alachua County:

I have, on various occasions, been earnestly requested to enter the race for State Senator from this county, and, until now, have declined to do so, because I had no desire to oppose the Honorable H. H. McCreary, who has rendered such valuable service to our county in the State Senate. But since he has withdrawn from the race I will be a candidate, subject to the Democratic primary.

Having served in both branches of the Legislature in the past, I feel that I am the better qualified to serve the best interests of our county at this important time.

Earnestly soliciting your support at the coming primary, I am your humble servant.

JOHN B. DELL.

In reference to my declination, which appeared in The Daily Sun of Mch. 20th, the same was made in what I conceived the interest of harmony. However, I have reconsidered same and am a candidate for the State Senate.

H. H. McCREARY.

I respectfully announce my candidacy for the Democratic nomination as Senator for Alachua county (32d district), pledging my support of all measures in the interest of the masses as against the classes; and especially do I pledge my support and influence in aid of the common schools and maintenance of the State University upon a liberal basis such as will enable parents to obtain for their children a thorough education in their own State, as well as all measures tending to promote the religious and moral welfare of the entire people. Thanking my friends for their support in the past, and soliciting the vote of all Democrats at the coming primary, I am very respectfully. H. H. McCREARY.

I announce myself a candidate for the Legislature at the coming primary, subject to the action of the Democratic voters of the county. If elected I will endeavor to make some very radical changes in the present divorce law. I am in favor of keeping the State University at Gainesville forever.

At the solicitation of friends I announce myself a candidate for Member of the House of Representatives, subject to the will of the people, as expressed at the Democratic primary election.

I shall favor the maintenance of the State University, now established in this county, with liberal appropriations for its development, and the advancement of public education throughout the State.

All measures tending toward the moral development and growth of our State will receive my hearty support.

The arduous duties of the office, at this, the closing period of 1905 collection, will entirely prevent my making a canvass of the county and seeing you in person, so I trust my friends throughout the county will remember me on the 15th of May at the various precincts, when casting ballots for the men of their choice to fill the respective offices now elective.
